PROJECT DETAILS

"Created a Responsive Portfolio website of mine using React.js with Hooks Concept, React Router Dom and using MediaQuery."

"Created a Visually appealing Photography Demo Website with Mobile Responsive using HTML, CSS, Bootstrap5 and MediaQuery."

Also I've attached the Screen Recording Video of that in my LinkedIn profile.

BHARATH KUMAR R

FRONT-END DEVELOPER

TO WHOM IT MAY CONCERN,

I am writing to express my interest in the Front-End Developer position at your Company. With 5 years of experience in different field, I am excited to transition to a role in front-end development where I can utilize my skills in problem-solving, teamwork, and communication to create visually appealing and user-friendly websites and applications.

I am proficient in HTML, CSS, JavaScript, and have a strong understanding of responsive design . I am also familiar with front-end framework such as Bootstrap5 and React.js

I am a quick learner and a highly motivated individual who is dedicated to staying current with the latest technologies and industry trends. I am also a team player who thrives in collaborative environments and enjoys Teamwork.

I am excited about the opportunity to bring my skills and passion to the team and contribute to the development of innovative, high-quality websites and applications. I would welcome the chance to meet with you to discuss how my experience and skills can benefit your organization.

Thank you for considering my application.

SINCERELY,

BHARATH KUMAR R
